

## DDPC Planning Council's Draft Goals and Objectives

Goal 1: To advocate and build capacity to promote increased community integrated employment.

Objective 1: Identify regulatory, financial and tort liability barriers that exist in Arizona to suppress and/or limit employment of adults with developmental disabilities in the public and private sectors.

Objective 2: Identify incentives at state and/or federal level as well as best practices used. Identify existing and available *products* or *approaches* that may be employed.

Objective 3: Advocacy of public policy-makers leading to system change.

Objective 4: Outreach program for persons with developmental disabilities and their families to educate and train – idea is to start as early as possible exploring what kinds of jobs are possible, promoting early education, parental awareness and peer support models that promote family to family communication.

Data Question: Who is currently hiring statewide? Existence of statewide and/or regional hiring networks, e.g. Linkages

Goal 2: Self-Advocacy

Objective 1: Training

Objective 2: Seek Funding

Objective 3: Technical Assistance

Goal 3: DDPC exists as a trusted information resource --- as a trusted link to quality information --- empowering people by giving them information

Objective 1: Information technologies, e.g. social media, utilizing partners

Goal 4: Inclusion (including transportation)?
